INVESTMENT BENEFITS AND MAJOR RISK FACTORS

The Unit Holder of MANDIRI INVESTA PASAR UANG may obtain the following investment benefits:

a. Professional Management

Management of investment portfolio in the form of debt Securities including instrument selection, bank selection, allocation period determination and its investment administration requires systematic analysis, continuous monitoring, and fast and appropriate (market timing) investment decision. In addition, it also requires particular expertise and vast connection with various parties to manage a diversified investment portfolio. This will be time and concentration consuming to the investor if he/she does it by him/her-self. Through MANDIRI INVESTA PASAR UANG, the investors may experience amenity because they will free from the matters by trusting the tasks to the professional Investment Manager.

b. Investment Diversification

For investment except commercial papers guaranteed by the Bank of Indonesia or the Government of the Republic of Indonesia which are low risk, the investment diversification is required to reduce the investment risks. When the investment fund is relatively small, it is hard to obtain diversification benefits without losing the opportunity to gain better investment return. Through MANDIRI INVESTA PASAR UANG where the funds are collected from many parties, the investment diversification will be easier to be conducted.

c. Investment Value Growth Potential

By the fund accumulation from many parties, MANDIRI INVESTA PASAR UANG has bargaining power to gain higher interest rate and lower investment costs, and access to investment instruments which are harder to be obtained by individual. This will provide the equal opportunity to all of the Unit Holder to gain the relatively better investment return according to the risk level.

d. Investment Withdrawal Amenity

The Open-ended Mutual Fund enables the investor to withdraw his/her Participation Unit on every Exchange Day by redeeming the Participation Unit he/she holds to the Investment Manager. This will provide high liquidity to the investor.

While the investment risks in MANDIRI INVESTA PASAR UANG may be caused by several factors such as:

1. The Economical and Political Changes Risk

The changes of or the worsen domestic and foreign economical and political conditions or the regulation changes may affect the income perspective that may affect the performance of the bank and the commercial paper issuer or parties where MANDIRI INVESTA PASAR UANG invests to. Such matters will also affect the performance of MANDIRI INVESTA PASAR UANG investment portfolio.

2. Default Risk

The Investment Manager will try to provide the best investment return to the Unit Holder. But in extraordinary (*force majeure*) conditions, the commercial paper issuer where MANDIRI INVESTA PASAR UANG invests to, or other parties related to MANDIRI INVESTA PASAR UANG may default in fulfilling their obligations. Such matters will affect the investment return of MANDIRI INVESTA PASAR UANG.

3. Liquidity Risk

In the case of high redemption rate by the Unit Holder occurs in short period, the cash payment by Investment Manager by withdrawing the MANDIRI INVESTA PASAR UANG portfolio may be delayed. In extraordinary (*force majeure*) conditions or events (both predictable and non-predictable) beyond the Investment Manager control, the redemption may be suspended temporarily according to the provisions in Collective Investment Contract and the Rules of OJK.

4. Risk of Net Asset Value Reduction of Each Participation Unit

The value of each Participation Unit of MANDIRI INVESTA PASAR UANG may change due to the increasing or the decreasing of the Net Asset Value of such Mutual Fund. The event of Net Asset Value of each Participation Unit decreasing may be caused, for example, by price changes of the securities portfolio.

5. Risk of Electronic Media Transaction

In case the prospective Unit Holders or Unit Holders conduct the transaction using electronic media, the prospective Unit Holders or Unit Holders are requested to pay attention and understand the following risks:

- (i) The possibility of disruption to electronic transaction security caused by illegal hacking activities made by any third party to the transaction, where such actions of third party may result in the deviation of purchase and/or redemption and/or switch transactions of Participation Units (if any) from the initial purpose of the prospective Unit Holders or Unit Holders;

- (ii) In conducting transaction using electronic media, the Investment Manager and/or Selling Agent appointed by the Investment Manager (if any) may establish cooperation agreement with electronic network provider, where there is default risk of the electronic network provider that may affect the transaction using electronic media; and
- (iii) The possibility of errors or disruptions to electronic media that are not caused by the actions of any third party, where the disruptions may result in the failure of transactions where the purchase and/or redemption and/or switch transactions of Participation Units (if any) deviate from the initial purpose of the prospective Unit Holders or Unit Holders.

The Investment Manager will strive to take all necessary measures to minimize the above risks. However, when the prospective Unit Holders or Unit Holders fail to provide proper instruction in the transaction using electronic media that results in the deviation of electronic transaction outcome from the initial purpose of the prospective Unit Holders or Unit Holders, the consequences become the responsibility of the prospective Unit Holders or Unit Holders.
